NEWS UPDATES:

DNREC ISSUES ORDER TO RIVERBEND DEVELOPERS FOR VIOLATING REGULATIONS ON WETLANDS, SEDIMENT AND STORMWATER, WATER POLLUTION - Department of Natural Resources and Environmental Control (DNREC) Secretary Collin O'Mara has issued a Cease and Desist Order to Riverbend Community LLC, Fox Chase Realty LLC, Signature Design Homes LLC and Parkway Gravel Inc. – who are or have been involved with construction at the Riverbend at Old New Castle development – for continuing violations of state wetlands regulations and the National Pollutant Discharge Elimination System (NPDES) Stormwater Construction General Permit. Riverbend at Old New Castle is a new subdivision that is being developed in the City of New Castle. Under Delaware's sediment and stormwater regulations, a sediment and stormwater management plan must be approved by DNREC for any activities that disturb a land area larger than 5,000 square feet, or one-eighth of an acre. The Cease and Desist Order is being issued due to the Riverbend Community LLC's declared intention to continue encouraging, allowing and causing land-disturbing activities within the subdivision despite the lack of an approved sediment and stormwater management plan and the lack of a NPDES General Construction Permit, and due to the other parties' past involvement in such activities. Also, the non-compliance continues at the site, with neither the plan nor NPDES Construction General Permit approved. Additionally, Delaware's Wetlands Act and Regulations require a permit for any activity taking place in state-regulated wetlands. The Riverbend developers failed to obtain a permit prior to constructing the entrance roadway for the development, which involved placing fill and structures in state wetlands. The Order requires that the Riverbend developers immediately cease and desist from all violations cited in the order, including stopping all site work other than those activities needed to bring the site into compliance with state wetlands regulations and sediment and stormwater regulations. The developers also are required to obtain Department approval of a Sediment and Stormwater Management Plan and an NPDES General Permit Notice of Intent for all work associated with the reconstruction of the causeway. For additional information, please contact Joanna Wilson at (302) 739-9902 or visit: <http://www.dnrec.delaware.gov/News/Pages/DNREC-issues-Order-to-Riverbend-developers-for-violating-regulations-on-wetlands,-sediment-and-stormwater,-water-pollution.aspx>

LEAF BURNING PROHIBITED STATEWIDE TO PROTECT PUBLIC HEALTH - With autumn leaves beginning to fall, the Division of Air Quality (DAQ) reminds residents that burning leaves is prohibited statewide. The leaf burning ban, in effect since February 1995, is important to protect people from harmful chemicals that are produced by open burning. Leaf burning produces a considerable amount of airborne particulate matter, carbon monoxide, nitrogen oxides and at least seven carcinogens. Some of these compounds react with sunlight and chemicals in the air to produce ground-level ozone, a respiratory irritant particularly dangerous to children and the elderly. In addition to the leaf burning ban, burning grass, refuse, trash or garbage is also prohibited year-round. Cooking fires and campfires meeting size restrictions are legal year-round, unless prohibited by local, town, or county ordinances; however, only clean, unpainted wood or charcoal is to be used in these fires. Burning of cut or fallen branches, limbs or shrubbery trim from a residence is allowed daily, 8 a.m. – 4 p.m. from October 1 to April 30, except when the State Fire Marshal issues a ban on all outdoor burning. Open burning for

agricultural or prescribed purposes and for intentional structure fires for firefighter training requires written notification to DNREC. Delaware residents have several options to help manage leaves and other yard waste.

- Handling it on your own property by [composting](#), including use of a mulching mower.
- Arranging to have someone else collect your yard waste such as a landscaper or waste hauler.
- Taking it yourself to one of many approved drop-off facilities statewide.
- Developing a community-wide solution by creating your town or community's own yard waste site.

For additional information, please contact Tom Postell at (302) 739-9402 for leaf burning question or Debra Nielsen at (302) 739-9403 for yard waste/composting questions or visit:

UPCOMING AIR, WASTE & WATER-RELATED HEARINGS, MEETINGS & EVENTS:

NOVEMBER LEPC MEETINGS – The Local Emergency Planning Committee will hold the following meetings:

November 10 – Sussex County LEPC - will hold their bi-monthly meeting from 10am-12pm at Sussex EOC in Georgetown.

November 11 – Wilmington LEPC – will hold their bi-monthly meeting from 10am – 12pm at 22 S. Heald Street in Wilmington.

November 14 – New Castle County LEPC – will hold their bi-monthly meeting from 2:30pm-4:30pm at DuPont Stine - Haskell in Newark

For more information, please visit:

<http://www.dnrec.delaware.gov/SERC/Pages/Calendar.aspx>

SECRETARY'S ORDER:

LEGAL NOTICE REGULATION ADOPTION - The Secretary of the Department of Natural Resources and Environmental Control (DNREC) and the Secretary of the Department of Agriculture have signed Secretary's Order No.2011-W-0042, approving Regulation 7201 - Regulations Governing the Control of Water Pollution, Section 9.5 (Delaware's Concentrated Animal Feeding Operation (CAFO) Regulations). These revised regulations make Delaware's CAFO Regulations consistent with the intent of federal requirements under 40 CFR 122. The effective date of the revised Delaware's CAFO Regulations is November 11, 2011. For additional information or directions, please contact: Larry Towle at (302) 698-4500 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1269&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DOCUMENTS AVAILABLE FOR PUBLIC COMMENT OR APPEAL:

PUBLIC NOTICE PERMITS PENDING - The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

3D Environmental, LLC; E. I. DuPont de Nemours & Company, Inc.; Mayor & Council of Middletown; Plymouth Environmental Company, Inc.; Robert C. Peoples, Inc.; Roberts Construction Company; US Environmental, Inc.; Waste Masters Solutions, LLC.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 10, 2011. For additional information please contact Kenneth F. Green (302) 739-9403 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1265>

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1272&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

American Transportation Solutions, LLC; Charles C. Connell Company; East Coast Resources, LLC; Edward Armstrong & Sons, Inc.; IESI NY Corporation; Miniscalco Construction, LLC; Mitten Construction Company; Payne, Inc.; Richard Y. Johnson & Son, Inc.; Sentinel Transportation, LLC; Veolia, ES Technical Solutions, LLC;

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 17, 2011. For additional information please contact Kenneth F. Green (302) 739-9403 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1272&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE- WASTEWATER FACILITIES CONSTRUCTION PERMIT

APPLICATIONS – The Division of Water, hereby gives notice that permit applications have been received from:

The Kent County Department of Public Works to construct approximately 5,475 linear feet of 16" DIP force main, 400 linear feet of 18" DIP force main and related facilities, such as air release/air vacuum valves, gate valves, fittings and restraints, to be located generally within the U. S. Route 13 (Dupont Highway, Road 24) right-of-way, between Pump Station #14, near the Old Camden Road intersection, to approximately 1,600 linear feet south of the Route 10 (Camden Wyoming Avenue, Road 29)

The Town of Middletown to construct the Route 1 Pump Station with dual submersible pumps, gate valves, ductile iron pipe, a manhole and related facilities, to be located within the Willow Grove Mill Subdivision off of Middletown Odessa Road (DE Route 299), on Grove Mill Road, approximately 700' southeast of the Longmeadow Drive intersection, Town of Middletown

A public hearing concerning the above applications will NOT be held unless the Secretary of DNREC receives a request by November 10, 2011. For additional information, please contact Molly Mackil at (302) 739-9946 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1262&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE WELL PERMITS – The following have filed an application:

Clifton Parker needs to construct an irrigation well that is 110' deep and 10 inches in diameter. The site is located north of Parker Road and west of Rt 113, about 2 miles north west of Selbyville. The desired capacity of this system is 1,080,000 gpd.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by November 14, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1271&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE ON-SITE WASTEWATER TREATMENT AND DISPOSAL SYSTEM PERMIT – The following have filed an application:

Metropolitan Community Church of Rehoboth has applied for a permit to construct an on-site wastewater treatment and disposal system on their property located on the south side of CR 275 (Plantation Road), ~.3 miles north of Route 24 (John J. Williams Highway) near Lewes, Sussex County tax map # 3-34-12-53.02. The system will serve a church with a design flow rate of 535 gallons per day.

Jerry Green has applied for a permit to construct a replacement on-site wastewater treatment and disposal system on his property located on the west side of US Rt. 113 (DuPont Blvd.), ~.25 miles south of CR 406 (Swamp Road) near Dagsboro, Sussex County tax map # 2-33-16-45. The system will serve an existing kennel and office with a design flow rate of 840 gallons per day. A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by November 21, 2011. For additional information, please contact Jennifer Owens at (302) 739-9948 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1275&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE FORMAL VARIANCE - The following have filed an application:

Wendy Brafman representing Brafman Properties LLC. has applied for a Formal Variance under Section 11.00 of The Regulations Governing the Construction and use of Wells to construct a miscellaneous public well to serve a dentist office. The property is located on the corner of Dogwood Acres Road and RT 26 Dagsboro DE, tax map parcel 1-34-10-28.00.

Patricia Davis representing The Bridal Boutique Ltd, has applied for a Formal Variance under Section 11.00 of The Regulations Governing the Construction and use of Wells to continue to use a miscellaneous public well to serve a Bridal facility. The property is located west of Bay Road, north of Old Cemetery, Milford, tax map parcel MD150.00-01-46.03

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by November 21, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1274&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

BROWNFIELDS DEVELOPMENT PROGRAM – The Division's Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties which may be contaminated. A party seeking to develop such a property negotiates with the Division's Site Investigation and Restoration Section (SIRS) for a Brownfields Development Agreement (BDA) or a Brownfields Voluntary Cleanup Program (VCP) Agreement to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. For site-specific information on the following sites, please see SIRS's superfund site files database at: <http://docs.dnrec.delaware.gov/sirbsitefiles.cfm>.

FINAL PLAN OF REMEDIAL ACTION FOR THE FORMER JAMES JULIAN SITE DE-1497 - The Site Investigation and Restoration Section (SIRS) has adopted a plan to clean up the Former James Julian Site located in Wilmington. The Former James Julian Site is the location of a former highway and street paving company. The Site is located at 209 and 405 S. DuPont Road in Wilmington and is a certified Brownfield Site. The Site is currently used as the offices and facilities of Paoli Services, Inc. who recently moved into the property. The Final Plan requires placing an environmental covenant on the property

restricting the use of the site to non-residential and prohibiting intrusive activity without prior written notice to DNREC in the area of the former underground storage tanks (USTs). A DNREC approved Contaminated Materials Management Plan will be required for any soil disturbing activities in the area of the former USTs. Additionally a DNREC approved Long Term Stewardship Plan will be developed to ensure that the cleanup actions completed at the Site will remain protective of human health and the environment. The public may appeal this Final Plan until November 12, 2011. For additional information, please contact Kristen Thornton or Robert Newsome at (302) 395-2600 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1263&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE FORMER DIAMOND STATE RECYCLING CENTER SITE (DE-0280) – The Site Investigation and Restoration Section (SIRS) is negotiating a Brownfields Development Agreement (BDA) with Simsmetal East LLC regarding the Former Diamond State Recycling Center Site (Site) located at 1600 Bowers Street in Wilmington. Known by New Castle County as tax parcel number 26-037.00-008, the approximately 8 acre Site may have had a release of hazardous substances as a result of past use including use as a salvage yard and permitted or non-permitted landfill. For additional information, please contact Wilmer Reyes or Robert Newsome at (302) 395-2600 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1261&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE DELTA OUTREACH AND EDUCATION CENTER SITE (DE-1504) - The Site Investigation and Restoration Section (SIRS) has adopted a plan to clean up the Delta Outreach and Education Center Site at 330 East 30th Street in Wilmington. The 1.6 acre Site is currently covered with grass and weathered asphalt. The soil is contaminated with polycyclic aromatic hydrocarbons (PAHs) and several metals. The groundwater is contaminated with metals and one well is contaminated with trichloroethene (TCE). The Final Plan includes covering the surface with a cap that may consist of asphalt, concrete, or a minimum of two feet of DNREC-approved fill material over marker fabric; permit maintenance and access to monitoring well 2 (MW-2); placement of an Environmental Covenant; and a Long Term Stewardship Plan with annual inspections. The Site is within the existing City of Wilmington Groundwater Management Zone which prohibits any use of groundwater. The public may appeal this Final Plan until November 19, 2011. For additional information, please contact Morgan Price or Robert Newsome at (302) 395-2600 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1270&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. To submit comments, for additional information or for an appointment to inspect the application, please contact Joanna Austin at the Dover Office at (302) 739-9402.

7 DE ADMIN. CODE 1102 NATURAL MINOR PERMIT APPLICATIONS – The following have filed an application:

Perdue Grain and Oilseed, L.L.C., requests operation permit amendments for its grain receiving and grain shipping operations at their 300 New Street, Seaford facility. The permit amendments are to increase the facility's grain receiving and shipping throughput from 333,333 to 540,000 TPY. The amendments will increase emissions by 3.04 TPY of PM10. By Permit# 2002/0721, 0722, and 0723 actual emissions will not exceed 8.15 TPY of PM10.

Perdue Grain and Oilseed, L.L.C., requests operation permit amendments for its grain receiving and grain shipping operations at their 1001 Nanticoke Avenue, Seaford facility, the permit amendments are to increase the facility's grain throughput from 333,333 to 540,000 TPY. The amendments will increase emissions by 1.24 TPY of PM10. By Permit#APC-97/0549, and 0550 actual emissions will not exceed 3.23 TPY of PM10.

Kuehne Company located in Delaware City, submitted a construction permit application to replace the existing scrubber system with a new scrubber system for chlorination/bleach operation. This new scrubber will enable to reduce permitted chlorine emissions by at least 50% from 0.56 ton per year to 0.26 ton per year based on the permit application.APC-2000/0320-O-A4-C

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 14, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1268&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

A1 Cleaners gives notification of a new location for their dry cleaner facility. The address is 1660 South Governors Ave, Dover DE 19904. Emission rates will not change. APC-2006/0092-C/O-A1

A public hearing on any of the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 14, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1266&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

Mountaire Farms, Inc., requests to convert their 20.925 MMBTU/hr Boiler 1 to combust natural gas at their Hoosier & Railroad Streets, Selbyville, facility. The natural gas conversion for Boiler 1 has the potential to emit (PTE) 8.99 TPY NOx, 0.05 TPY SOx, 7.5 TPY CO, 0.99 TPY TOC, and 0.68 TPY PM10. By Permit# APC-1981/1134-CONSTRUCTION (Amendment 1), actual emissions will not exceed 8.96 TPY NOx, 0.05 TPY SOx, 7.5 TPY CO, 0.99 TPY TOC, and 0.68 TPY PM10.

Mountaire Farms, Inc., requests a construction permit to construct or operate natural gas conversion for their 12.553 MMBTU/hr Boiler 2 at their Hoosier & Railroad Streets, Selbyville facility. The natural gas conversion for Boiler 2 has the potential to emit (PTE) 5.39 TPY NOx, 0.03 TPY SOx, 4.5 TPY CO, 0.59 TPY TOC, and 0.41 TPY PM10. By Permit# APC-1981/1135-CONSTRUCTION (Amendment 2), actual emissions will not exceed 5.38 TPY NOx, 0.03 TPY SOx, 4.5 TPY CO, 0.59 TPY TOC, and 0.41 TPY PM10.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 21, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?I>

[D=1273&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A](http://www.dnrec.de.gov/Lists/Public%20Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A)

FEDERALLY ENFORCEABLE 7 DE ADMIN. CODE 1102 APPLICATIONS -

Notice is hereby given that Delaware Municipal Electric Corporation having a facility at 217 Artisan Drive in Smyrna has requested a federally enforceable 7 DE Admin. Code 1102 construction permit for a 51 Megawatt (MW) Simple Cycle Combustion Turbine Generating System equipped with Selective Catalytic Reduction (SCR). The permit will increase emissions of NOx by 7.53 TPY, CO by 31.72 TPY, VOC by 13.24 TPY, SOx by 2.31 TPY, PM10 by 4.86 TPY, PM2.5 by 4.86 TPY, Hazardous Air Pollutants by 0.7 TPY, Formaldehyde by 0.49 TPY, Ammonia by 9.57 TPY, and CO2 by 0.576 tons per Megawatt hour.

A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing by November 30, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1267&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

WATER PERMITTING PROGRAM - The Division of Water monitors, manages and protects Delaware's ground and surface waters, tidal wetlands and underwater lands. The Division is a link to the Delaware Estuary Program, Inland Bays Estuary Program and the Delaware River Basin Commission, and provides centralized computer and geographic information system services. The Division also provides public education and outreach programs. Applications below are available for inspection or copies may be obtained by contacting: Gayle Calder, Wetlands and Subaqueous Lands Section, 89 Kings Highway, Dover – 19901, or by calling (302) 739-9943. A public hearing on the applications below will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received within 20 days of the initial notice.

SUBAQUEOUS LANDS PERMIT APPLICATIONS – The following have submitted an application:

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by November 1, 2011. For additional information, please visit

SUBAQUEOUS LANDS PERMIT AND WATER QUALITY CERTIFICATION APPLICATIONS – The following have submitted an application:

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by November 1, 2011. For additional information, please visit

WETLANDS AND SUBAQUEOUS LANDS SECTION

Division of Watershed Stewardship – (Tax Parcel No. 135-13.00-5.01) - To install a 40 foot long road crossing using two 48 inch diameter pipes and to place 21 cubic yards of riprap for scour protection in the Georgetown Vaughn Tax Ditch, north of Seashore Road and east of Piglet Road, near Georgetown

Robert Freeman (Tax Parcel #3-34-13-1309.00) - To install a 4 by 10 foot pier, a 6 by 35 foot dock, a boatlift and a personal watercraft lift in the Lewes and Rehoboth Canal at Lot 12 Eleanor Lee Lane East, Rehoboth Beach

JoAnn Notargiacomo (Tax Parcel # 1-34-3.00-228.00) - To install a boat lift on two existing pilings, two personal watercraft lifts on 2 new pilings and to construct an 18 by 50 foot long boat ramp in the Indian River Bay at 34300 Indian River Drive, Bay Colony, Dagsboro

Judy Belk (Tax Parcel #1-34-7.00-106.00) - To replace an existing bulkhead with 108 linear feet of bulkhead with a rock toe, and to construct a 4 by 65 foot pier and two stand-alone pilings in the Indian River Bay at Seagrass Plantation, Dagsboro
A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by November 26, 2011. For additional information, please visit <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1264&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

SUBAQUEOUS LANDS AND WETLANDS APPLICATIONS

Indian River Power LLC (TM 2-33-2.00-2) - To stabilize 620 linear feet of eroding shoreline with two marsh toe sills and plant 12,820 square feet of low marsh vegetation behind the sills along the Indian River near the cooling water intake at the Indian River Power Plant, 29416 Power Plant Road, Dagsboro
A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by November 26, 2011.
